

### **SJM: Washroom facilities plan for Wednesday classes at Marchmont St Giles**

At the arrival of each Entrance/Exit for each class, there will be sanitiser that we will require each student to use.

In the event that they need to use the toilet while at the venue, we have highlighted below a plan.

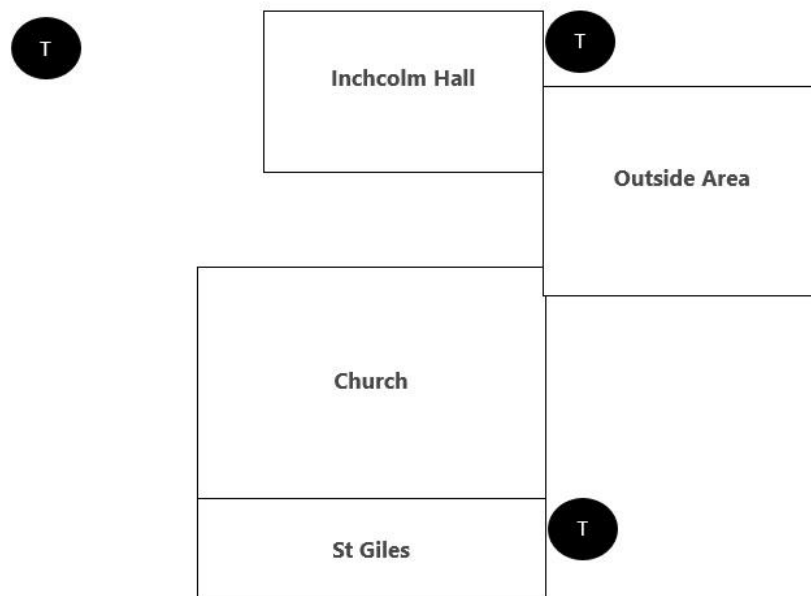

We have assigned 3 bathrooms to the 3 spaces we intend to use. 2 of these spaces will be for the sole purpose of our use throughout our time, the other is a public bathroom in the main section of the building.

CLASS A & D Blue will use the bathroom situated next to the ST GILES space.

CLASS B Red & D Red will use the bathroom situated in the main area of the building.

CLASS B Blue & C will use the bathroom situated within the INCHCOLM SPACE.

See plan below:

The bathrooms will be inspected and cleaned prior to classes beginning, and at the end before tutors leave. They will also be cleaned intermittently throughout the evening by the COVID-19 Officer employed by SJM. This plan will be explained to parents/carers and young people in the introductory email we send out, but also at the start of each rehearsal.
